

NATIVE EARTH PERFORMING ARTS COVID-19 POLICIES

Aki Studio is managed by Native Earth Performing Arts, located in the **Daniels Spectrum**, managed by Artshub. As such please see below what Native Earth is doing to keep our staff and production/presentation artists safe as COVID-19 protocols evolve.

1. We are enforcing a masking mandate for our staff and volunteers even during our non-masked performances.
2. We will have disposable masks available for patrons.
3. We are continuing our usage of sanitizer, plexiglass barriers and other COVID-19 protections for our staff.
4. Presenting a COVID-19 plan for our production teams to ensure clear protocols and safety measures.
5. Consistently engaging and keeping awareness on the ongoing COVID-19 virus and reacting/planning accordingly.

COVID-19 ANTIGEN RAPID TESTS

Antigen rapid tests are highly recommended for all artists and contractors utilizing the space. If anyone receives a positive test, they must follow isolation protocols (5 to 10 days depending on symptoms and vaccination status). If available, a COVID-19 PCR or Molecular Test should also be taken to confirm or deny the result.

Disposing of COVID-19 Rapid Tests: These tests can be disposed of in a regular garbage, just make sure to wipe down whatever surface you tested on.

If you are feeling unwell and unable to obtain a COVID-19 Antigen Rapid Test. Native Earth strongly recommends you stay home and contact the appropriate member of your production team for next steps.
